

## QUICK FLEX® Coupling Insert

Please complete the following steps to install QUICK FLEX couplings. You should have the following pieces before starting the job:

· One insert

WARNING: Failure to observe the following warnings could create a risk of death or serious injury.

Contact with moving parts and/or rotating shafts poses a risk of serious injury. Proper guards in accordance with OSHA and American Society of Mechanical Engineers standards must be installed on all power transmission equipment. Power transmission equipment should not be started if proper guarding is not in place. Observe all required lock out/tag out procedures when servicing power transmission equipment.

## **Installation & Alignment Instructions**

- 1) Remove coupling cover.
- 2) Remove used insert.
- 3) Wrap new insert around hub teeth.
- **4)** Replace coupling cover.
